Loaded with some of the best features, InTunes offers finest audio quality and connectivity through its Bluetooth v4.2+EDR as it enables the user to connect [PTron InTunes](#) with two smartphones at the same time. It also connects faster than most other Bluetooth earphones at this price point. The sweat-proof ear-buds ensures comfort, convenience and extends the longevity of the device.

PTron

WORLD CLASS
MOBILE AUDIO

Available in 3 eye catching color options – Gold-Black, Grey-Black and Red-Black, InTunes is light-weighted, ergonomically designed and sweat proof. It comes with in-the-ear secure fit design which ensures maximum noise reduction to enable the user to hear crystal clear voice/music with 14.2 mm drivers. It provides 10-meter connectivity and is backed by a long-lasting 70mAh Li-Polymer battery providing long 100 Hours of standby time with just 1 hour of charging. The metal ear-buds with magnetic attraction helps wrapping the earphones around the neck making it convenient to carry.

Mr. Ameen Khwaja, Founder & CEO of PTron, while announcing the launch said, *"PTron has been offering high grade products at very affordable price to ensuring that usage of good quality is not confined to a few. With the advancement of technology, consumers can enjoy using the same high-end quality at much lower prices. PTron is committed to develop and offer best in design, durable and sophisticated products to the Indian consumers."*

'InTunes', with world class audio quality, has been specifically designed and developed keeping in mind the audio requirements of sports lovers, fitness fans, keen travelers and business commuters who prefer high performance microphone for a convenient hands-free experience. It best suited for a user due to a remote control to manage calls/listen music with the push of a button without interrupting user's work in office or home.
