

PTron launches 'Quinto' portable Bluetooth speaker
Retro design Bluetooth Speakers with 10W dual speakers

Hyderabad, 16th October 2018: PTron, the leading mobile accessories brand, announces the launch of its latest portable Bluetooth speaker 'Quinto'. It is a retro-looking wooden speaker offering loud and clear quality sound. PTron Quinto is an ultimate combination of retro design and rich sound in wooden-build. It includes precisely positioned drivers to provide a large, consistent sound output for indoor and outdoor listening.

[PTron Quinto](#) comes with two 5W speakers, high-performance inbuilt microphone, long-lasting 1200mAh battery, and multi-connectivity options. 5Wx2 total power Output RMS can fill any room with sound. Equipped with Bluetooth v4.2 it has 10 m range and capable of delivering rich, balanced low-end and high-end sounds. It comes with 4-hour playtime with a rechargeable battery. For occasions where you wish to extend battery life, users can stream music using USB or Micro SD card to plug and play. It also has AUX support.

PTron, in line with its design philosophy, has made it as user-friendly as it can get. The control buttons on top are intuitive and well built for volume control, music playlist control, call control, and mic. Hence, the user can answer calls directly from the speaker, without having to reach out the device.

Commenting on the launch of PTron Quinto Mr. Ameen Khwaja, Founder-CEO of PTron said, *“We believe in delivering the best products offering terrific value for money. PTron Quinto is a piece of art that combines nostalgia and modern tech in equal parts. This one is for the style conscious user who simply loves her music.”*
